Ultima 35 EZload™ Laminator

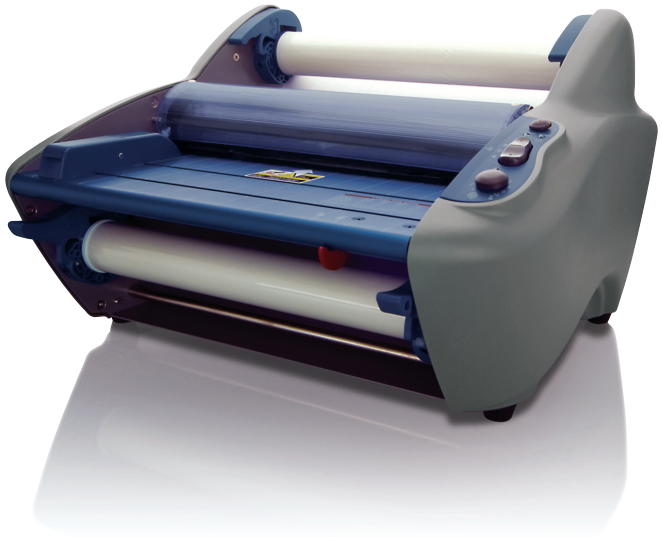
EZload™ technology loads film quickly and easily

The Ultima 35 EZload is the next generation of roll laminating machines. The patented EZload design makes loading film quick and easy by preventing users from loading the film upside-down, thus eliminating costly service calls

Packed with features including a mil thickness range of 1.7 mil to 10 mil Nap-Lam® II film, one-minute warm-up and more, the Ultima 35 EZload roll laminator provides crystal clear lamination every time.

Features and benefits

- **EZload technology:** Prevents errors in loading film and reduces downtime
- Continuous lamination
- Integrated trimmer
- Reverse switch
- Fast warm-up



Specifications	Ultima 35 EZload
Product number	1701680
List price	$699.99
Usage	Items up to 12"
Entry width	12"
Warm-up time	1 minute
Speed	36" / min.
Cold lamination	No
Photo quality	Yes
Film specifications	1.7 to 10 mil, Nap-Lam II
Auto shut-off	Yes, after 1 hour of non-use
